# EASY CONNECTION OF FIELDBUS NETWORKS

with Helmholz PROFINET gateways

With our PROFINET gateways, we make it possible for you to link machines with one another directly at the I/O level. Achieve a seamless data flow between systems from various manufacturers, irrespective of the PLC used.

- ✓ Simple commissioning
- ✓ Configuration only with GSDML/GSD files
- ✓ Compact design for installation on DIN rails
- ✓ Outstanding price-performance ratio

Helmholz®

COMPATIBLE WITH YOU
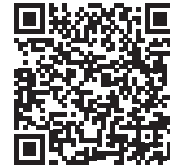

PN/EtherNetIP Coupler

Features

- Simple configuration and clearly structured monitoring
- High degree of safety through electrical isolation
- MQTT Publisher on both network sides

ORDERING DATA	ORDER NO.
PN/EtherNetIP Coupler	700-160-3EN02

All product information at a glance!

PN/EtherNetIP Coupler

DP/PN Coupler

Features

- PROFIBUS up to 12 Mbps
- Up to 244 bytes I/O data exchange
- Configuration only with GSD/GSDML, no further software needed

ORDERING DATA	ORDER NO.
DP/PN Coupler	700-158-3DP02

All product information at a glance!

DP/PN Coupler

PN/PN Coupler

Features

- Galvanic & logic separation of the networks
- Up to 1024 bytes of I/O data exchange
- Configuration only with GSDML, no further software needed

ORDERING DATA	ORDER NO.
PN/PN Coupler	700-158-3PN02

All product information at a glance!

PN/PN Coupler

PN/ModbusTCP Coupler

Features

- 300 configurable slots for PROFINET I/O data
- Supports the full ModbusTCP address range
- Up to 1024 bytes data exchange

ORDERING DATA	ORDER NO.
PN/ModbusTCP Coupler	700-159-3MB02

All product information at a glance!

PN/ModbusTCP Coupler

PN/EtherCAT Coupler

Features

- Up to 600 byte input & 600 byte output data
- 100 slots for I/O data
- Possibility for automatic module configuration on the EtherCAT side

ORDERING DATA	ORDER NO.
PN/EtherCAT Coupler	700-161-3EC02

All product information at a glance!

PN/EtherCAT Coupler

PN/CAN-Gateway

Features

- Transmission objects can also be transmitted cyclically
- Automatic and controlled reception and transmission objects for CAN frames with project-compatible identifiers

ORDERING DATA	ORDER NO.
PN/CAN-Gateway, PROFINET/CANopen	700-670-PNC01

All product information at a glance!

PN/CAN-Gateway
